Audit Report for Lympo Tokens and Multi-signature wallet contracts

Introduction

This audit report covers the new `LympoToken` contract and the multi-signature wallet `Multisig` contract.
The audit was conducted by Gundas Vilkelis on 16-18th of February, 2019.

Contracts audited

- **Lympo.sol** - Lympo Token contract. The source code audited can be found at:
  https://rinkeby.etherscan.io/address/0xff65d22223f3fe1d0e0cf7b01cf310bce9b8db6f
- **Multisig.sol** - Multi-Signature wallet contract which will hold Ether and Lympo Tokens' funds. The source code audited can be found at: https://rinkeby.etherscan.io/address/0x377536f039d62f33dc8d58546d7044427fe2682a

Audit Results

There were no blocking security or functionality issues identified in the final reviewed versions of `Lympo.sol` and `Multisig.sol` contracts.

Audit Process

The detailed log of the audit process was documented in a separate document `Lympo_Audit_Report_Log_18_02_2019.pdf` .
